

Coordinated Programs in Dietetics

Listed below are the Coordinated Programs in Dietetics (CP). Included are the Graduate Degree Integrated Demonstration Programs. After each program's address is the accreditation status granted by the Commission on Accreditation for Dietetics Education (CADE) and the date of the next program review. The accreditation status definitions are as follows:

- *Developmentally Accredited*—program not previously accredited that has not had a site visit and is being implemented according to the CADE Eligibility Requirements and Accreditation Standards (ERAS).
- *Candidacy for Accreditation*—program not previously accredited that has had one site visit and is being implemented according to the CADE ERAS.
- *Provisional Accreditation*—program not previously accredited that meets the graduate degree integrated demonstration program requirements.
- *Accredited*—program that has had at least one site visit and is in compliance with ERAS.
- *Probationary Accreditation*—program fails to comply with ERAS or published policies.
- *Accreditation Withdrawn*—program fails to comply with ERAS or published policies within a specified time period.

Currently all the CPs must provide the required dietetics coursework and at least 900 hours of supervised practice within an academic program leading to a bachelor's or graduate degree. At the time of their next accreditation review, the requirement for supervised practice will increase to a minimum of 1200 hours. Graduates of Coordinated Programs who are verified by the program director are eligible to write the CDR registration examination for dietitians.

Program information and application forms should be requested directly from the program directors

Loma Linda

Loma Linda University

School of Allied Health and Public Health
Department of Nutrition and Dietetics
Loma Linda, CA 92350
Accredited

Next Review: 1/1/2014

Emphasis: Medical Nutrition Therapy, Public Health Nutrition

Enrollment Per Class: 51

Enrollment: Fall, Fall term, Junior year

Degree Granted: BS, MPH, MS

Estimated Annual Tuition: Resident and Non Resident = \$22515

Estimated Annual Graduate Tuition: Resident and Non Resident = \$27758

Articulation: Agreement to transfer some course credits from DT programs on 2-year Colleges
